

0374\_1582

**LEGEND:**

- q Quartzite
- ad Adamellite
- Ore intersection
- No ore intersection at anticipated level
- Fault
- - - Geological boundary
- Ore boundary drawn as perpendicular bisectors

DDH 279 936m  
4-0m/0-34%  
Note number, EL of hangingwall contact, Thickness and mean arithmetic grade of ore intersection.
