

Trace of Faults at Surface Bedrock

DRAWN: R.D.F.

TRACED: B.J.C.

SCALE 1: 1 000

The diagram illustrates the classification of coal reserves into three categories:

- MINED & FILLED:** Represented by a rectangle with a dotted pattern.
- TO BE MINED [Immediate future]:** Represented by a rectangle with diagonal lines.
- FUTURE MINING:** Represented by a bracket grouping three rectangles with different patterns (horizontal lines, vertical lines, and diagonal lines).
