

A hand-drawn map of a water system, possibly a sewer or irrigation network, showing various points, flow rates, and directions. The map includes the following labels and features:

- MAIN DECLINE**: Located at the top center.
- E/FAN NOT IN USE.**: Located at the top right, with a hatched area below it.
- R 63**: Located on the left side.
- 15**: Located near R 63.
- 5**: Located near the top left.
- 26**: Located near the top center.
- V 52**: Located near the top center.
- S 52**: Located near the top center.
- V 53**: Located near the top center.
- R 53 SUMP**: Located near the top center.
- P 54**: Located near the top center.
- Q 54**: Located near the top center.
- 13.0**: Located near the top center.
- 11.7**: Located near the top center.
- 22**: Located near the top center.
- 5.5**: Located near the top center.
- N 54**: Located near the top center.
- 36.5 TOSS**: Located near the top center.
- Q 49**: Located near the top center.
- 54**: Located near the top center.
- 4.0**: Located near the top center.
- 31.2**: Located near the top center.
- N 53**: Located near the top center.
- 16.7**: Located near the top center.
- 11.7**: Located near the top center.
- 9.7**: Located near the top center.
- 21**: Located near the top center.
- 55**: Located near the top center.
- 15.0**: Located near the top center.
- TO L 56**: Located near the top center.
- 15.0**: Located near the top center.
- 14.5**: Located near the top center.
- 14.5**: Located near the top center.
- 19.5**: Located near the top center.
- L 50**: Located near the top center.
- 5.0**: Located near the top center.
- K 50**: Located near the top center.
- 5.5**: Located near the top center.
- 15.0**: Located near the top center.

The map shows a complex network of lines representing the water system, with arrows indicating flow direction and numerical values representing flow rates or elevations. The lines are drawn in black ink on a light-colored background.

VENTILATION PLAN
