Dear Sirs,

Re: Subdivision for King Island Scheelite Ltd.

Attached hereto please find the final plan for this subdivision which we are forwarding for the Company's seal and the schedule of easements. No easements are required.

We are also forwarding, for your information, a master plan of the Grassy township. Four subdivisions currently in progress are indicated in green. We will forward two other final plans to you when they have been endorsed by the Council Clerk under Section 483.

We understand that the Company intends to offer for sale lots 1,2,3, 4,6,7 & 8 whilst lot 5 is to be sold together with the adjoining 55ft. frontage lot to D.H. & E.M. Shaw and lot 9 is for the harbour master.

When you have completed the schedule, will you kindly forward this to us and return the plan. We will then submit both to the Council Clerk for final sealing.

Yours faithfully,  
PEACOCK, DARCEY & ANDERSON.

P. N. ANDERSON.
