

OR 1957/95

HGWK/3

13th June, 1957

MEMORANDUM

H. KELLETT URANIUM HOLDING NEAR
ABERFOYLE

Mr. Robinson has reported on this area and has suggested that further work be done.

Mr. Hughes had previously inspected this area and found that little if any development has been done, the main prospecting having been done with the Geiger Counter.

Until some elementary prospecting by costeans and/or shallow pits has been done the area cannot warrant assistance.

H.G.W. Keid
