21st October, 1957

MEMORANDUMTRIP TO WHIRLPOOL REACH  
14TH TO 18TH OCTOBER, 195714th October, 1957

Left Hobart 2 p.m. and arrived Beaconsfield 6 p.m. and booked at Club Hotel.

15th October

Commenced clearing and levelling first drill site.

16th October

Driller and helper arrived and made camp. Fitted annex and constructed a fire place.

17th October

Went to Launceston with truck and picked up Longyear drill also one 5 ft. BX core barrel and one BX shell returned to Whirlpool Reach and assisted in rigging drill.

18th October

Completed drill rig. Pump only to be placed in position. Should be ready to drill Monday afternoon. Left Whirlpool Reach at 2 p.m. Called into Launceston Store and measured up some percussion drill tools. Left Launceston at 3 p.m. and arrived Hobart at 6 p.m.

REQUIREMENTS

Six BX split ring core lifters for stock.

NOTE: Both Goldfields and Mindrill Ltd. supply split ring core lifters, but Goldfields lifters are very popular with numerous drilling contractors, even users of Mindrill equipment.

  
(K.L. Evans)
SUPERINTENDENT OF DRILLING

The Director of Mines,  
Department of Mines,  
HOBART.
