RE:.. REQUEST TO VARY DRILLING PROGRAMME FOR SEAL 71 (T/19P)

THE PRESENT APPROVED TOTAL DEPTH FOR SEAL 71 IS 1610 M. DUE TO ENCOUNTERING LITHOLOGY SOMEWHAT DIFFERENT TO THAT PROGNOSSED, WE NOW WISH TO DEEPEN THE WELL TO 1700 M. THERE WOULD BE NO OTHER CHANGES TO THE PROGRAMME AND WE PROPOSE TO LOG THE WELL AT THIS DEPTH. YOUR PERMISSION TO AMEND THE DRILLING PROGRAMME ACCORDINGLY IS RESPECTFULLY REQUESTED.

SUBSEQUENT TO LOGGING, THE POSSIBILITY EXISTS THAT WE MAY WISH TO DEEPEN THE WELL FURTHER. IN SUCH CASE WE WOULD REQUEST YOUR PERMISSION TO AGAIN AMEND THE PROGRAMME AT THAT TIME.

REGARDS,
K SKIPPER/G G FENTON
BRIDGE OIL
SYDNEY.
