

I. INTRODUCTION

Offshore Navigation (Australia) Pty. Ltd. (ONA), under contract to Triton International Ltd. (TRITON) provided a Maxiran Radiopositioning System and Tremble Model 4000A GPS receiver to a well location operation conducted off the coast of Tasmania, Australia, in Bass Strait. The survey consisted of positioning the Drilling Vessel (D/V) MARGIE on a location designated as Well Location CHAT #1. This site was located approximately 115 kilometers north-northeast of Devonport, Tasmania. The survey was conducted for Bridge Oil.

The ONA base of operation for this survey was established at Devonport, Tasmania, on 9 January 1986.
