

CONTENTS

Application to drill two wells in permit T/P3

Weekly Drill Reports

Hand written notes on drilling program

Well data record – Completion Report

- I Location
- II Initial Production Test
- III Perforating Record (Prod. Test, Completion, DST, FIT)
- IV Casing – Liner – Tubing Record
- V Cement Record
- VI Subsurface Completion Equipment
- VII Samples, Conventional cores, SW Cores
- VIII Wireline Logs and Surveys (Incl. FIT)
- IX Formation tops / Zones
- X Geologic Analysis (pre drilling prognosis vs actual results)
- XI Structural cross-section A – A'
- XII Structure map – Top of Eocene

Notice of Intention to Drill

- Fig 1. Location Map Cormorant Well
- Fig 2. Structure Map – Top of Eocene
- Fig 3. Structure Map on Mid Paleocene Reflector
- Fig 4. Structural Cross-Section

Laboratory Test Report

Palynological Report

Formation Interval Testing

Sidewell Core Descriptions

Core Descriptions

Core Analysis Report & Results

Enclosures

1. Cormorant/Kurrowera – Purple Horizon Time
2. Cormorant/Kurrowera – Red Horizon (Time)
3. Cormorant/Kurrowera – Pink Horizon
4. Cormorant/Kurrowera – Top Eastern View C.M
