

CONTENTS

Volume 1

Completion Report

- I. Well Data Record
- IV. Casing – Liner – Tubing Record
- V. Cement Record
- VII. Samples, Conventional Cores, SW Cores
- VIII. Wireline Logs and Surveys (incl. FIT)
- IX. Formation Tops / Zones
- X. Geological Analysis (Pre Drilling Prognosis vs Actual Results)

Foram Zonules

Palynological Record

Planktonic Record

Palynological Interpretations for Dondu-1, Bass Basin, Australia

Table 1 – Summary of Palynological Analyses

Palynomorphs vs Sidewall Core Depths

Appendix A TVD Calculation – Bottom Hole Location Calculations using Radius

Volume 2

Magnetometer Plot - Line B70A-6

Magnetometer Plot - Line B72A-124

Core 1 Description

Cuttings Sample Descriptions

Core Analysis Report

Sidewall Core Runs 1 & 2

Water Analysis

Sub-surface Pressure Test

Final Co-ordinates as Computed by O.N.I.

Enclosures (continued over):

- 1. Well Completion Log
- 2. Time Depth (Velocity) Curve
- 3. Dondu Prospect Structure Map – Lower M.diversus (Seismic Marker)
- 4. Dondu Prospect Geological Cross Section A - A¹
- 5. Composite Log
