

351059

- 7460-7470 70% Sand; quartz grains, unconsolidated grains, white-clear, fine to very coarse grained, subangular to subrounded, occasional aggregates of very fine grained calcareous sandstone.
30% Mudstone; dark grey, silty, chloritic, carbonaceous, slightly pyritic.
- 7470-7480 75% Sand; as above, medium grained, unconsolidated
25% Mudstone; as above
- 7480-7490 As above, predominantly coarse to very coarse grained, angular to subangular.
- 7490-7500 75% Sand; as above
25% Mudstone; as above, scattered coal fragments
- 7500-7510 75% Sand; as above, less calcareous material
25% Mudstone; as above
- 7510-7520 90% Sand; quartz, unconsolidated grains, medium to very coarse grained, subangular to subrounded, white to clear, occasional aggregates of very fine grained calcareous sandstone.
10% Mudstone; as above, with coal fragments
- 7520-7530 90% Sand; unconsolidated white quartz grains, coarse grained, subangular to subrounded, "excellent sand", almost no calcareous sandstone.
10% Mudstone; as above with scattered coal fragments
- 7530-7540 60% Mudstone; as above, with scattered coal fragments.
40% Sand, as above
- 7540-7550 70% Sand; as above
30% Mudstone; as above, with scattered coal fragments
- 7550-7560 60% Sand; as above, with scattered mica and coal fragments
40% Mudstone; as above
- 7560-7570 50% Sand; as above
50% Mudstone; as above
- 7570-7580 As above, with abundant coal fragments
- 7580-7590 50% Sandstone; as above
50% Mudstone; as above
Abundant coal fragments
- 7590-7600 As above, scattered coal fragments.
- 7600-7610 60% Sandstone; as above
40% Mudstone; as above
Scattered coal fragments
- 7610-7620 60% Sandstone; as above, but fine to coarse grained (predominantly medium grained).
40% Mudstone; as above
Scattered coal fragments
- 7620-7630 80% Mudstone; as above
20% Sandstone; as above
Scattered coal fragments
- 7630-7640 As above, abundant coal fragments
- 7640-7650 As above, scattered coal fragments
- 7694-7700 50% Mudstone; dark grey, medium hard, silty, carbonaceous, chloritic
40% Sand; quartz, very fine to very coarse grained, unconsolidated white-clear, subangular to subrounded, scattered coal fragments bryozoa, mica (cavings)
10% Siltstone; clayey, brown, hard, slightly carbonaceous
