

6550-6560		Trace sandstone as above
	60	Siltstone as above
	10	Coal as above
	30	Marl
6560-6580		Trace sandstone as above
	50	Siltstone as above
	10	Shale as above
	10	Coal as above
	30	Marl as above
6580-6590		As above
6590-6610	50	Sandstone as above. Lot of the dolomitic sandstone, loose gra
	30	Siltstone as above
	20	Marl as above
6610-6630	60	Sandstone, loose medium to coarse subrounded to rounded grains
	30	Siltstone as above
	10	Marl as above
6630-6640		Trace sandstone as above
	40	Siltstone as above becoming very carbonaceous
	50	Coal
	10	Cavings as above
6640-6660		Trace sandstone as above
	80	Siltstone as above
	20	Marl as above
6660-6670		Trace sandstone as above and dolomitic sandstone, medium grain
	70	Siltstone as above
	30	Marl as above
6670-6690	80	Siltstone as above
	20	Shale and marl as above. Trip sample.
6690-6700	10	Dolomitic sandstone as above
	60	Siltstone as above
	10	Coal as above
	20	Shale and marl as above
6700-6710		As above
6710-6720		Trace sandstone as above
	50	Siltstone as above
		Trace Coal
	50	Cavings
6720-6730		As above
6730-6750	40	Sandstone, medium to fine, subrounded to rounded, well sorted, friable, some has a dolomitic matrix.
	50	Siltstone as above
		Trace coal
	10	Cavings
6750-6760	10	Sandstone as above
	60	Siltstone as above
	20	Coal as above
	10	Cavings
6760-6770	80	Siltstone as above
	10	Coal as above
	10	Cavings
6770-6780		As above
