6090'-6110' 40% Sandstone : as above  
60% Siltstone : as above

6120'-6150' 50% Sandstone : as above  
50% Siltstone : as above  
Trace Sandstone : loose quartz grains as above

6150'-6180' 50% Sandstone : as above  
50% Siltstone : as above

6180'-6210' 60% Sandstone : as above  
40% Siltstone : as above

6210'-6240' 100% Coal; black, hackly surface, subconchoidal fracture,

6240'-6270' 60% Coal, as above  
30% Siltstone : as above  
10% Sandstone : as above

6270'-6300' 30% Sandstone : as above  
70% Siltstone : as above

----- Change to 10' samples

6300'-6310' 30% Sandstone : as above  
70% Siltstone : as above

6310'-6320' 30% Sandstone : as above  
70% Siltstone : as above, glauconitic

6320'-6330' 30% Sandstone : as above  
70% Siltstone : as above, pyritic

6330'-6340' 30% Sandstone : as above  
60% Siltstone : dark, medium brown, grey, subangular  
10% Coal, black subconchoidal, sub bituminous (20% cavings)

6340'-6350' 20% Sandstone : as above  
70% Siltstone : as above  
10% Coal : as above (30% cavings; pale green, siltstone )

6350'-6360' 90% Siltstone : reddish brown to brown (grades to sand size) very hard  
10% Cavings (pale green soft shale)

6360'-6370' 20% Sandstone : as above  
70% Siltstone : as above  
10% Cavings : as above

6370'-6380' 70% Siltstone : as above  
20% Sandstone : as above  
10% Cavings

6380'-6390' 80% Siltstone  
20% Cavings

6390'-6400' 80% Siltstone  
20% Cavings

6400'-6410' 80% Siltstone  
20% Cavings

6410'-6420' 80% Siltstone  
20% Cavings

6420'-'6430' 70% Siltstone
