Attn Dr D. Hobday,

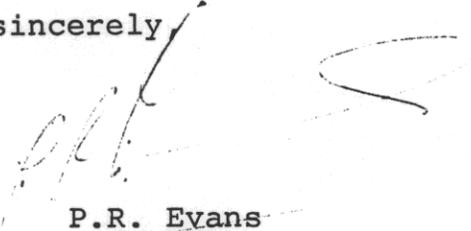

Dear Sir,

Weaver et al. Squid-1

Please find enclosed my report on the two samples submitted for palynological analysis from Squid-1.

I also enclose for your benefit a copy of the range chart of key spores and pollen determined by Stover & Evans (1973), marked with the known ranges of the forms observed in the Squid samples. I also enclose the modified zone and stratigraphic age chart published by Partridge (1976).

Yours sincerely,

  
P.R. Evans  
Geologist
