

V. WELL LOCATION INFORMATION

The following information pertains to the positioning of the D/V DIAMOND M EPOCH on Well Location SQUID #1.

Coordinates of the desired location were obtained from TRITON as:

Latitude 40°11'54"016 S
Longitude 146°18'28"421 E

The D/V DIAMOND M EPOCH was secured on location, and the following final Maxiran ranges were recorded at 0341 hours 16 July 1984, with the Maxiran mobile equipment installed on board the M/V BASS TIDE:

Sta. Point Sorell to mobile antenna	104.424 kilometers
Sta. The Nut to mobile antenna	105.707 kilometers
Sta. Doctors Rocks to mobile antenna	101.108 kilometers

At the time these final Maxiran ranges were recorded, the drill stem was 90 meters, at a bearing of 073° True, from the Maxiran mobile antenna.
