Relinquishment Report 2000 - EL 18/1995 -
Beaconsfield
Timron Mining*
Parish, T. EL18/1995

CONTENTS

- 1.0 Summary
- 2.0 Exploration 1995 to 2000
- 3.0 Result
- 4.0 Rehabilitation

1.0 Summary

Exploration Licence 18/1995 has been held by the partnership Timron Mining for the purpose of exploring for mineable quantities of category 3 materials - gravel, clay sand etc.

2.0 Exploration 1995 to 2000

Exploration in 1995 to 1999 involved the surface assessment over the exploration licence area of concentrating in previously mined / quarried areas of exploration licence.

In 2000 there has been nil exploration.

3.0 Result

In 2000 there has been nil exploration, however mining lease application 9M/2000 - 8 HA has been applied for over the area.

Commercial quantities of gravel including Premium Class A have been delineated and initial market sourced.

4.0 Rehabilitation

All exploration work over 18 / 1995 has been rehabilitated as close as practical to an as found condition. All test sites were filled in immediately after sampling then levelled to existing ground surface.
