Report on Drilling Program - January-May 1999 and
Magrethe Resource Potential - Main Creek project
Golden Triangle Resources N.L. - Newham Exploration
Newham, L.A. 26/1/99; RL21/988

5 cm

THIS CONCEPTUAL DEVELOPMENT WOULD SERVE 4 PURPOSES:

1. Confirmation of drill hole based geological interpretation.
2. Testing of geotechnical and mining factors.
3. Upper level access for eventual production.
4. Access for reserve definition drilling.
