Report Exploration Licence 44/1994.

7262.

10/2/02.

Deputy Registrar of Mines.
Dear Sir,

During the past year little has been done on the area apart from sampling and studies of the area recently drilled on the Jubilee-Mountaineer section.

We consider the results of that drilling were reasonably successful but further up drilling will have to be done closer to the old Jubilee workings.

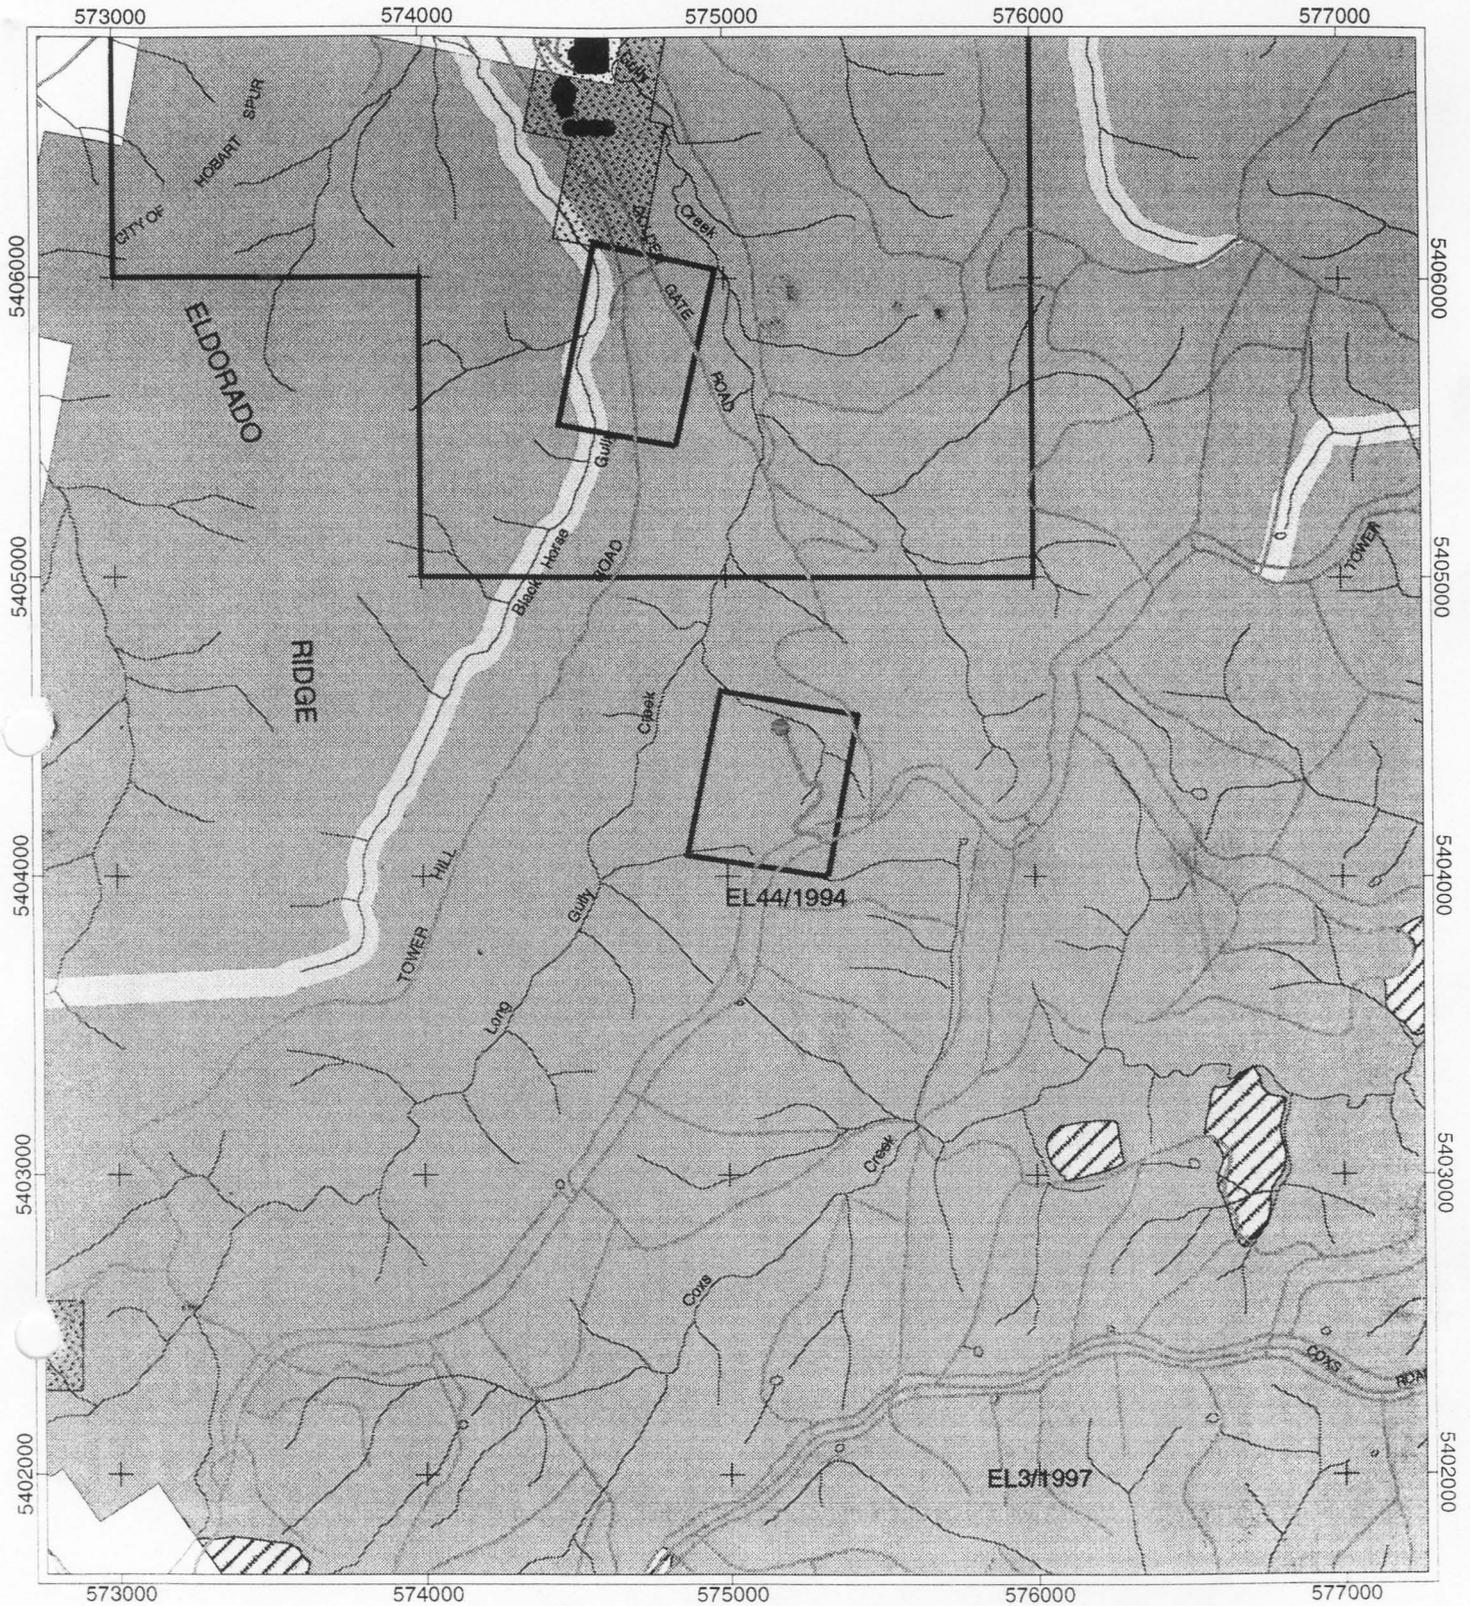

The section we have in mind to drill next is the Kinross Dream that borders the Golden Gate mine.

This would be done in consultation with Lindsay Kwonham.

The expenditure for the next year is \$5,000 - \$10,000.

Yours faithfully,
Douglas A Hewitt

Witness - W. Thomas J.P.
