

- Lithic vitric tuff - lava (fb lvt-lava ldb; intercalated with pArdpq)
- Porphyritic plagioclase - quartz rhyolite (fb pAr qp)
- Fine grained quartzose volcaniclastic sediment (fg S volcaniclastic sed. q.s")
- Lithic quartz crystal vitric tuff (lxt Arqt)
- Lithic quartz crystal tuff (lxtIa qf maf s")
- Quartz crystal vitric tuff - lava (xvt-lava Arq)
- Biotite feldspar quartz porphyritic lava (pArd bfq, pAr bfq)

CAMBRIAN
MASSIVE FELDSPAR - QUARTZ PORPHYRY.
TERTIARY BASALT.

DATE: APRIL '78
 GEOLOGIST: R. B.
 DRAWN: L. G. & J. M.
 CHECKED: M. C. R.

position of altered ash tufts with anomalous geochemistry.
