

GRASS 6.0

**Survey Information**

Instrumentation:

RECEIVER: SJ Full Waveform Digital IP Receiver  
 TRANSMITTER: GDD Tx II 3.6 kW

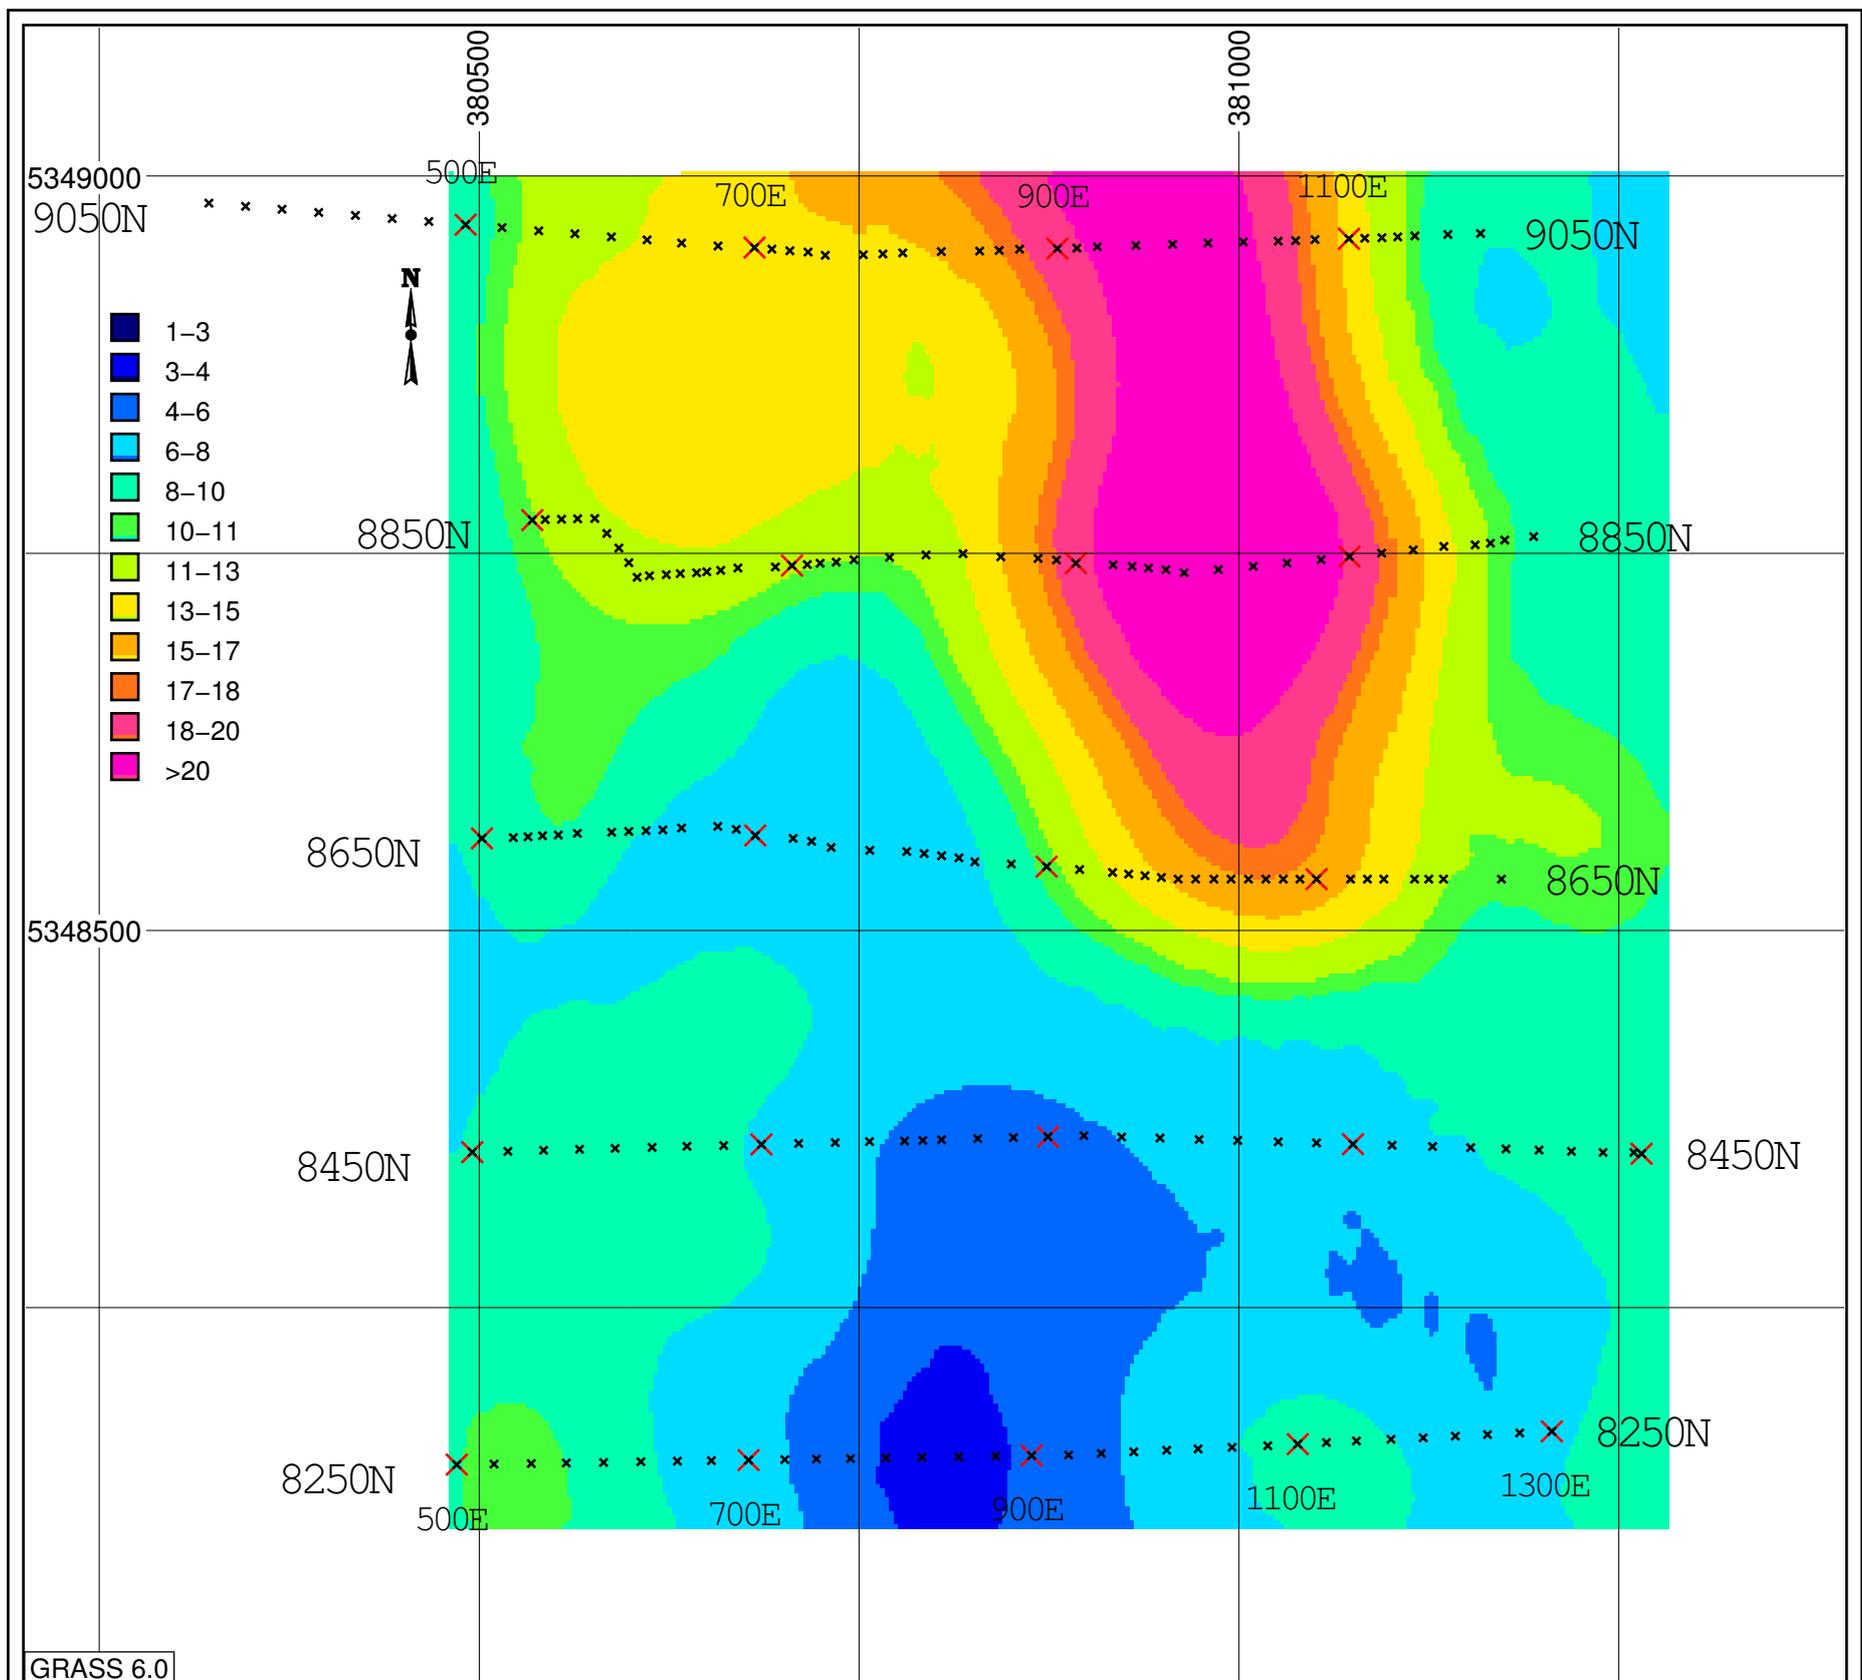

Typical Dipole Array:  
 N = 12  
 a = 50 m

Survey by: SJ Geophysics Ltd.  
 3D Inversion by: S.J.V. Consultants Ltd.  
 Processing Date: March, 2006

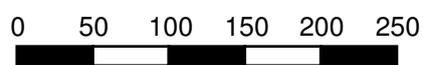

**COPPER STRIKE LTD.**  
 Lake Margaret Project  
 Queenston Area, Tasmania, Australia

**3D Inversion Model**  
**Interpreted Chargeability (ms)**  
**False Color Contour Map**

50 m Below Surface

### Survey Information

#### Instrumentation:

RECEIVER: SJ Full Waveform Digital IP Receiver  
 TRANSMITTER: GDD Tx II 3.6 kW

#### Typical Dipole Array:

N = 12  
 a = 50 m

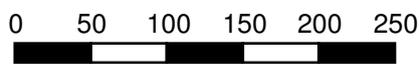

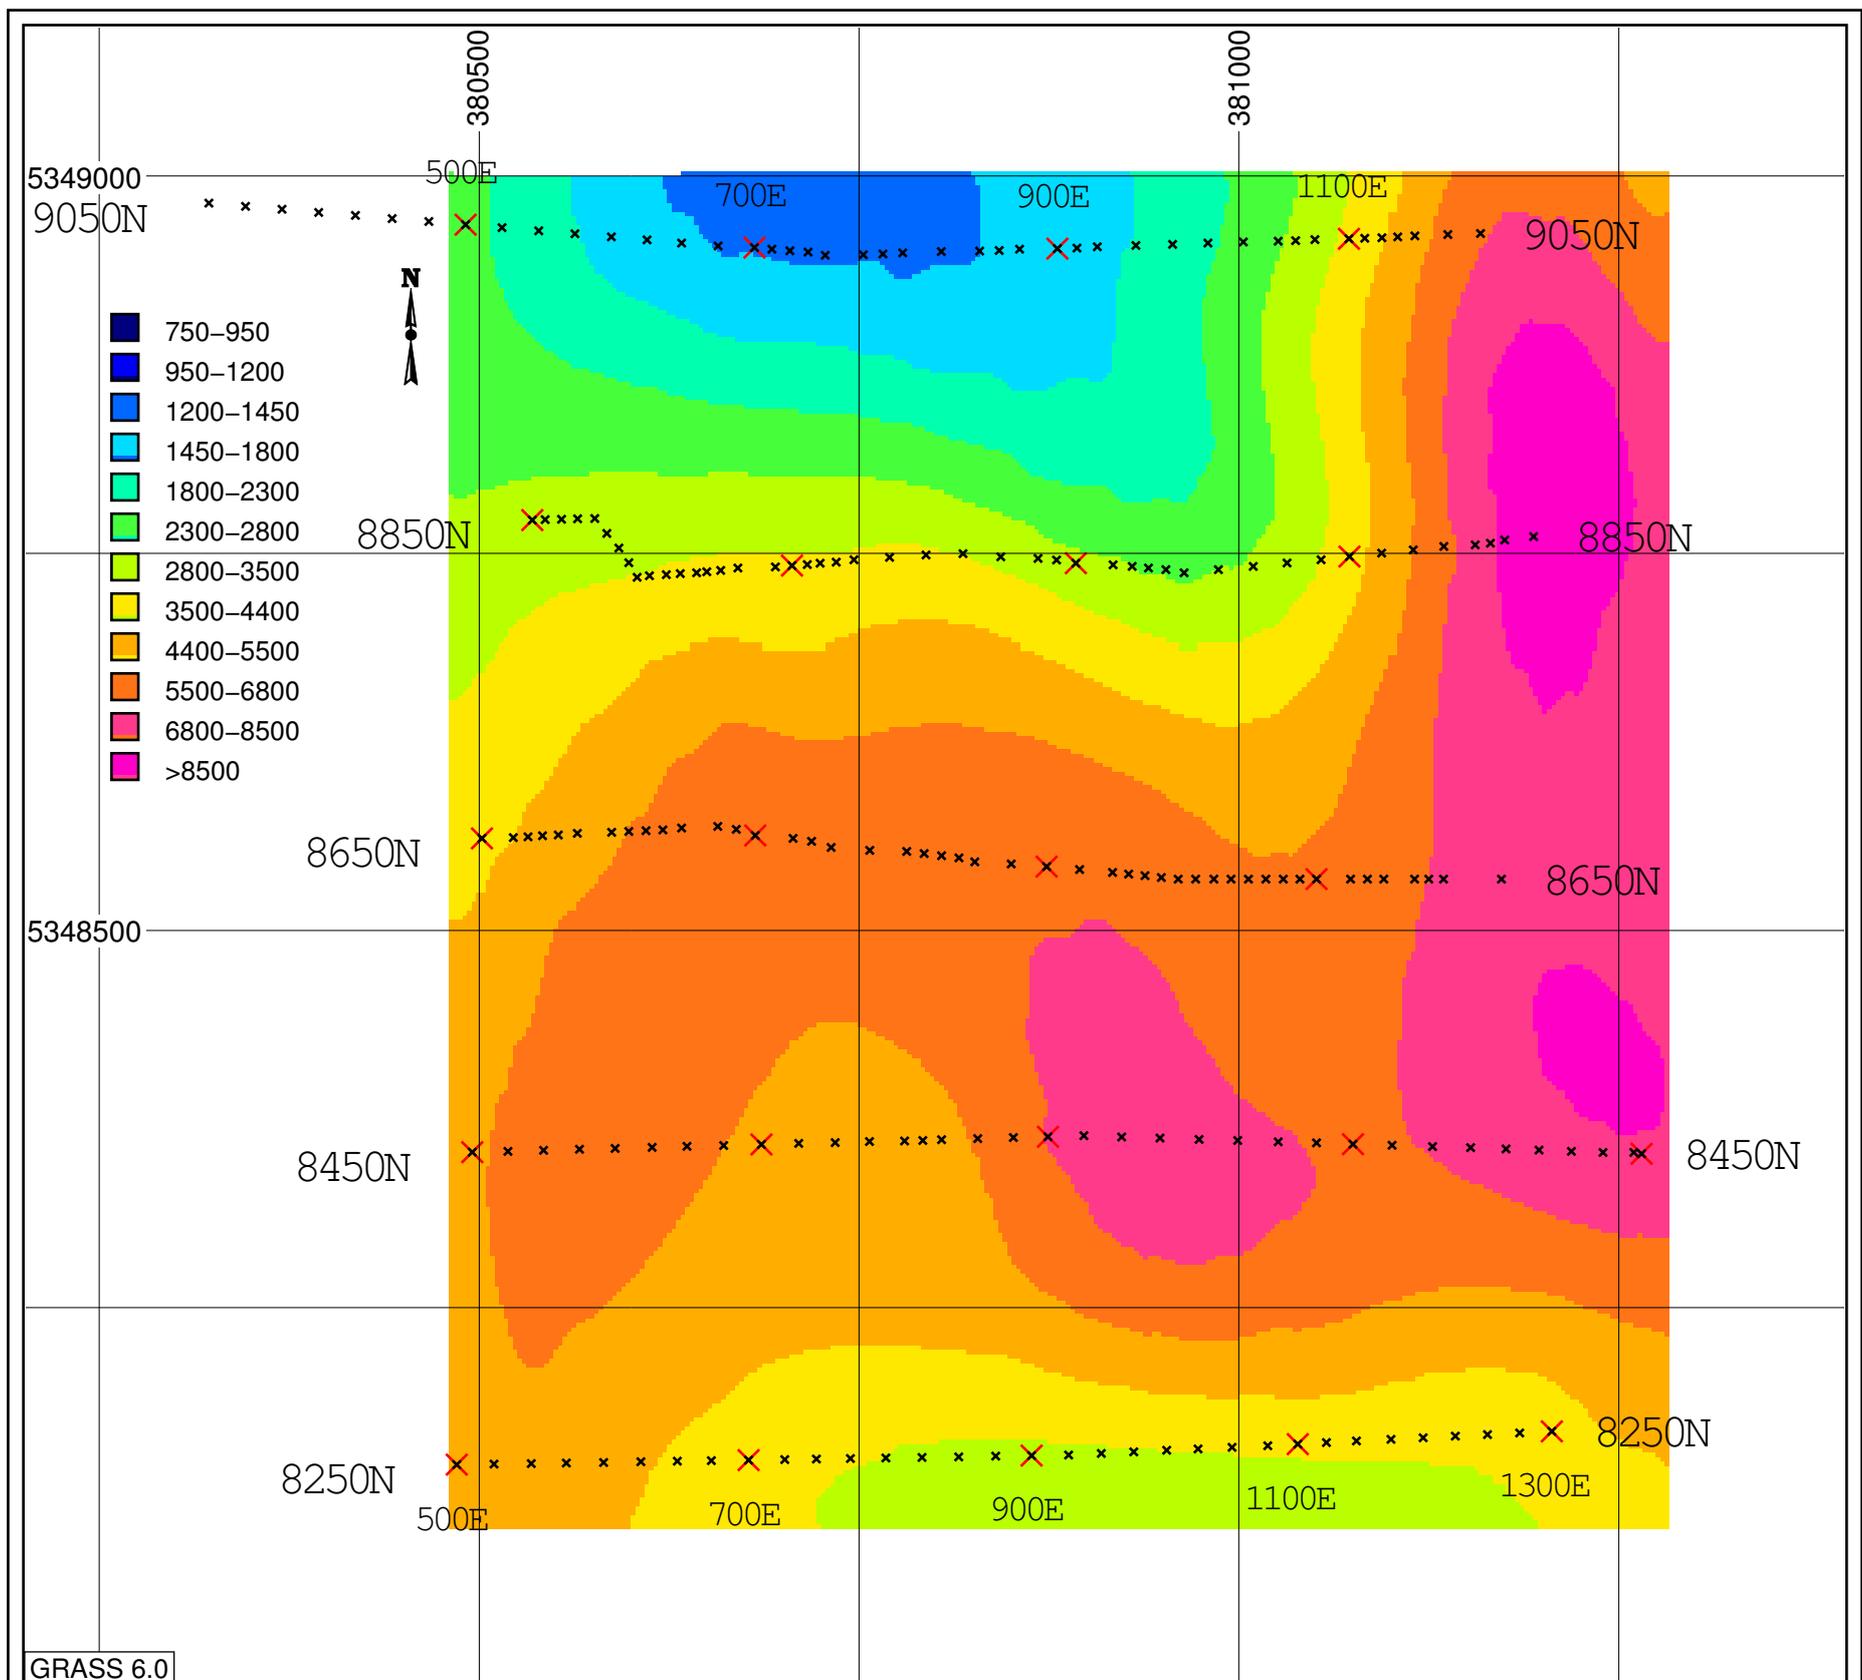

Survey by: SJ Geophysics Ltd.  
 3D Inversion by: S.J.V. Consultants Ltd.  
 Processing Date: March, 2006

COPPER STRIKE LTD.  
 Lake Margaret Project  
 Queenston Area, Tasmania, Australia

## 3D Inversion Model Interpreted Resistivity (Ohm-m)
