

LEGEND

COou	Owen Group
Cysf	White Spur Formation Feldspar crystal vitric siltstone, micaceous
Cyf	Rhyolitic intrusive/extrusive
Cyxm	White Spur Formation Upper feld-qtz-lithic sandstone and mass flow breccia
Cyg	White Spur Formation Interbedded lithic wacke and grey wacke
Cyx	White Spur Formation Basal qtz-feldspar crystal lithic sandstone and mass flow breccia
Cya	White Spur Formation Felsic vitric siltstone
Cyss	White Spur Formation Black siltstone and shale
Cvc	Central Volcanic Complex Feldspar pumice breccia
Cvc	Rosebery Host Horizon Quartz-feldspar crystal sandstone
Cvc	Central Volcanic Complex Feldspar-Pumice Breccia intense carbonate alteration
Cvcb	Mt Black Volcanics Dacite lavas and volcanoclastics

MINERALS & METALS GROUP
EL 41/2006 - WHITE SPUR LAKE
