## **BONDS RANGE**

**EL 33/2005**

### **RELINQUISHMENT REPORT 07 JULY 2010**

Manasia Mining & Metals Pty Ltd (hereinafter called Manasia) took possession of EL 33/2005 on the 23<sup>rd</sup> May 2007.

The Licence was acquired to explore for base and precious metals, as part of a float on the ASX of Manasia.

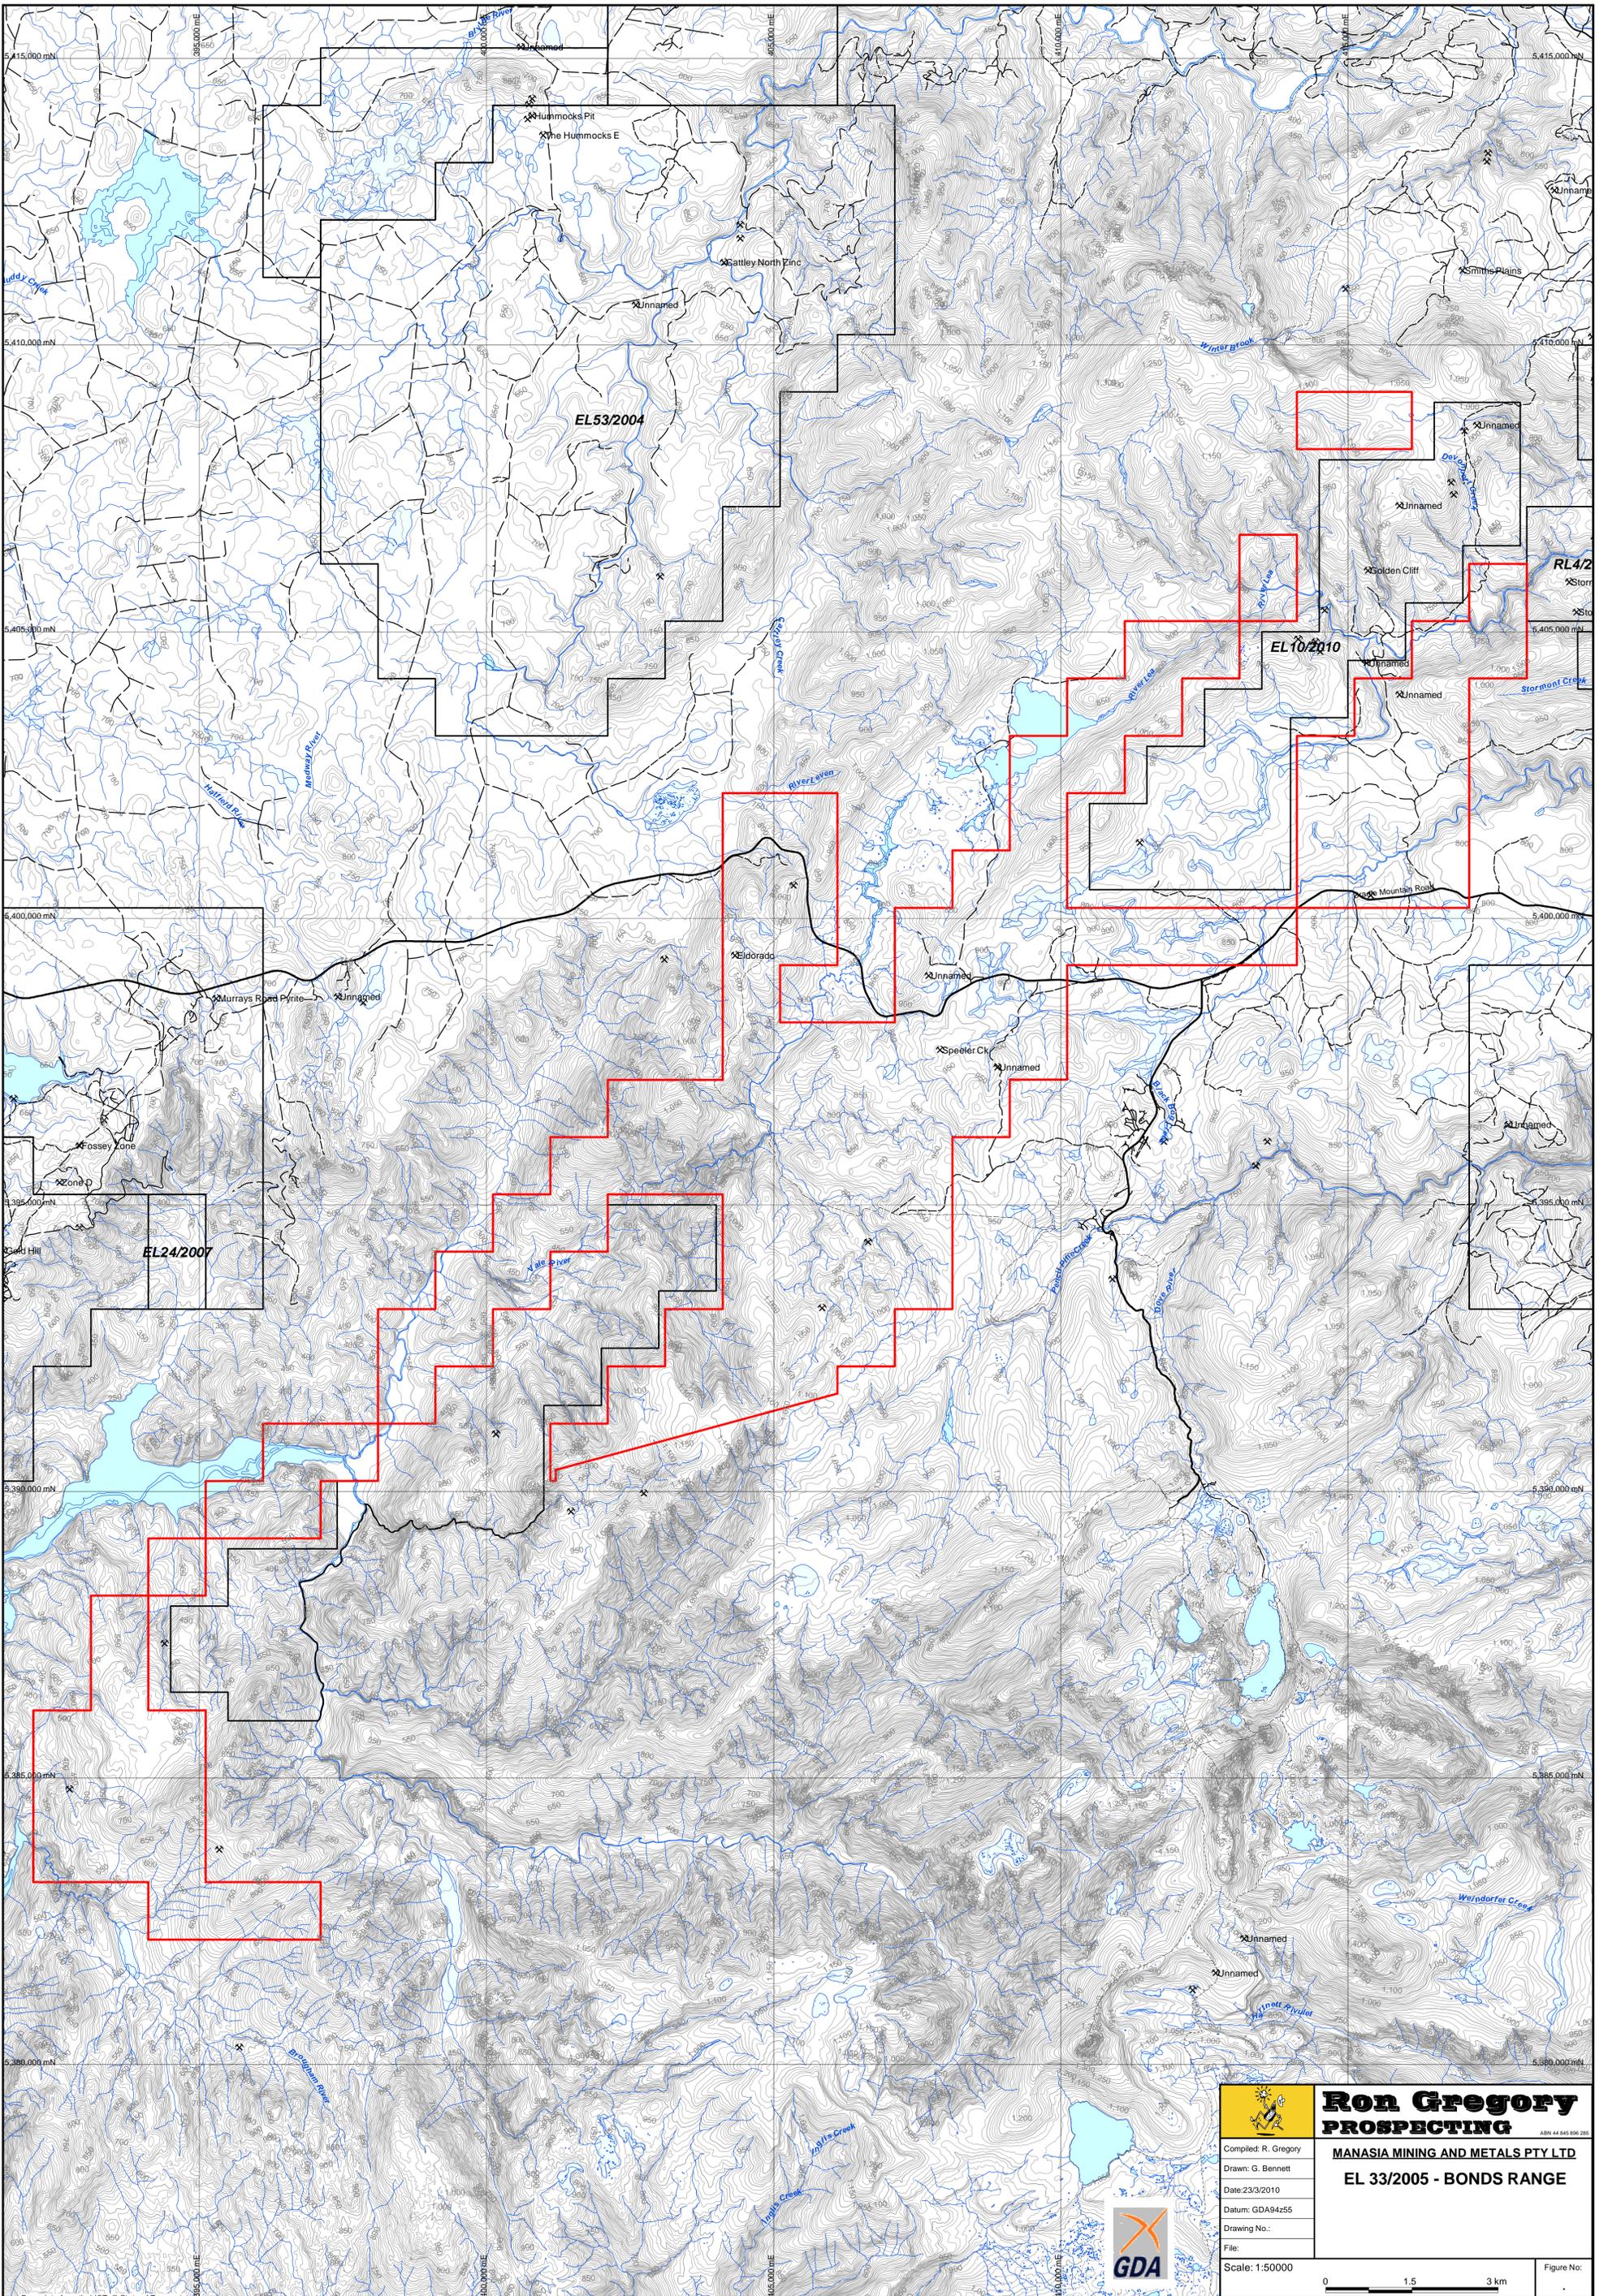

Unfortunately due to the GFC this float did not proceed.

However a thorough review of previous exploration and an assessment of the prospectivity of the licence were carried out by Mr. Simon Tear of Hellman & Schofield Pty Ltd in November 2009. This report was submitted in April 2010 to MRT as the "First Exploration Renewal Report for Vale River for the period 23/05/2007 to 22/05/2009"

No further work has been done on the licence since that report.

Although various work programs have been considered by Manasia it is not in a position to proceed at this time due in the main part to the GFC.

The area is therefore surrendered.
