FILE/FOLDER	DESCRIPTION
RL022008_201112_01_Annual technical report	body of annual technical report
RL022008_201112_02_New Golden Gate_Mathinna DH database	compiled drill-hole database for New Golden Gate /Mathinna area
RL022008_201112_03_NGG and TC mine development	
ngg and tc devt	strings for NGG and TC mine level development
ngg dtm_lidarpt	3D surface built from LIDAR data - wireframe points file
ngg dtm_lidatr	3D surface built from LIDAR data - wireframe triangles file
Shaft_NGGpt	NGG shaft - wireframe points file
Shaft_NGGtr	NGG shaft - wireframe triangles file
Shaft_TCpt	TC shaft - wireframe points file
Shaft_TCtr	TC shaft - wireframe triangles file
RL022008_201112_04_3D models of NGG and TC reefs and faults	
central driven_extpt	central fault as driven and extended - wireframe points file
central driven_exttr	central fault as driven and extended - wireframe triangles file
dylans reef pt	dylan's reef - wireframe points file
dylans reef tr	dylan's reef - wireframe triangles file
loanes drivenpt	loanes reef as driven - wireframe points file
loanes drivetr	loanes reef as driven - wireframe triangles file
lower east drivenpt	lower east reef as driven - wireframe points file
lower east drivetr	lower east reef as driven - wireframe triangles file
lower west drivenpt	lower west reef as driven - wireframe points file
lower west drivetr	lower west reef as driven - wireframe triangles file
main drivenpt	main reef as driven - wireframe points file
main drivetr	main reef as driven - wireframe triangles file
main slidept	main slide fault - wireframe points file
main slidetr	main slide fault - wireframe triangles file
second slidept	second slide fault - wireframe points file
second slidetr	second slide fault - wireframe triangles file
sophies reef pt	sophies reef - wireframe points file
sophies reef tr	sophies reef - wireframe triangles file
western flt extpt	western fault extended - wireframe points file
western flt exttr	western fault extended - wireframe triangles file
RL022008_201112_05_MODA optical mineralogy of concentrate	Optical mineralogy report on sample of tailings gravity concentrate.
RL022008_201112_05a_Gravity separation results	Data from gravity separation assessment - results for 'as received products', concentrate, and tail
