LEGEND

CAMBROIC	QUATERNARY	Qa	Alluvial sediment
	TERTIARY	Tb	Basalt (after Department of Mines Tasmania)
DEVONIAN	Dg	Meredith granite (after Dept. of Mines Tas.)	
	Hs	Huskisson formation	
	Cgw	Hottfield graywacke sequence	
	Cl	Red acid intrusions/extrusions	
PALAEOZOIC	U	Ultrabasic intrusions	
	B	Basic intrusions	
	Ct	Webb Creek tuff	
	Ca	Araneocous sequence	
CAMBRIAN	Ca	Araneocous sequence (metamorphosed)	
	Ctv	Red tuff sequence t. (Red volcanics?)	
PRECAMBRIAN	pCa	Renison Bell shale & sandstones	

LITHOLOGY

sh	Shale	di	Dolomite	do	Dolerite
dc	Dolite	gs	Gossan	pd	Porphyry dyke
sa	Sandstone				

GEOLOGICAL SYMBOLS

Geological boundary, unconformity	Vertical bedding
Outcrop boundary	Strike and dip of strata
Quaternary	Vertical cleavage
Syncline	Strike and dip of foliation
Anticline	Vertical foliation
Overturned syncline	Strike and dip of jointing
Overturned anticline	Vertical jointing
Bedding trace, showing dip	Fault
Strike and dip of bedding	Shear zone

MAP AREA
