LEGEND

- Bedding, facing determined.
- Bedding, facing not determined.
- Lineament.
- Shear Zone.
- Gossanous rocks, ironstones.
- Hard rock mines, prospects.
- Quartz veins.
- Aplite.
- Quartz-feldspar, porphyry.
- Tertiary - unlit - sand, silt, gravel.
- Permian - sandstone, conglomerate.
- Silurian - Lower Devonian, Mathinna Beds, quartzite, slate.
- Jurassic - dolerite.
- Upper Devonian (?) granite.
- Upper Devonian granitic rocks, subdivision in St Helens area after Groves, Cocker and Jennings, 1977 (Bull. Survey Tas. Bul. 561).
- Biotite-muscovite granite.
- Biotite-microgranite.

- WOLFERITE/MIORITE DYKES
- OTHER MAGNETIC TRENDS
- B.H.P. AEROMAG ANOMALIES
- BROAD MAGNETIC ZONE

SCALE 1:20,000
