LEGEND

QUATERNARY
Qs Alluvial sediment

TERTIARY
Tb Basalt (after Department Of Mines Tasmania)

DEVONIAN
Dg Meredith granite (after Dept. of Mines Tas.)

ORDOVICIAN
Os Huskisson formation

PALAEZOIC
Cgw Hatfield graywacke sequence
Cie Red acid intrusions/extrusions
Cii Ultrabasic intrusions
Cib Basic intrusions
Ct Webb Creek tuff
Ca Arenaceous sequence
Ccm Arenaceous sequence (metamorphosed)
Ctv Red tuff sequence (Red volcanics?)

PRECAMBRIAN
pCa Renison Bell shale & sandstones

LITHOLOGY

sh Shale di Dolomite ds Dolerite
ds Dolomite G Gossan P Porphyry dyke
ss Sandstone

GEOLOGICAL SYMBOLS

Geological boundary, exposed/unexposed
Unconformity
Anticline
Overturned syncline
Overturned anticline
Faulting trace, reverse dip
Strike and dip of bedding

Vertical bedding
Strike and dip of cleavage
Strike and dip of foliation
Vertical foliation
Strike and dip of jointing
Vertical jointing
Fault
Shear zone

MAP AREA
Scale in miles 0 1 2 3
1:50,000

Legend Symbols:
• Diamond drill sites
□ E2 / Comstaff Joint Mapping area
▨ Geochemical grid
▧ Streams covered by geochemical sampling
⊕ Geochemical anomalies
CAF ⊕ Input E.M. anomalies
