

200			1-2% qtz orange stained	5-10% wood frags	n.p.	1/2/205	<u>V/2 cont.</u>
	205-210: increase in xtal size up to very coarse.					1/2/210	
210				5% carb wood frag.	n.p.	1/2/215	
	Interbedded Bands of grey blue SILTY CLAY and Brown carb. SANDY SILTY CLAY (ratio 1:1) + 5-10% coarse SAND and carb. Wood fragments. - 2 minor silty sand. (cont.)					1/2/220	
220							
	carb sandy silty clay: 1-5% qtz, very fine, rnd, + v. mica flakes + abt. peaty flakes in a brown silt to clay matrix - moderately to poorly compacted						
	Bands of grey blue SILTY CLAY (50%) and SAND (50%) ± some carb wood frags.					1/2/225	
230				5-10% carb wood frags	n.p.	1/2/230	
	SAND + wood frags. xtals coarse to very fine					1/2/235	
				2-0% carb wood frags		1/2/240	
240						1/2/245	
						1/2/250	
250						1/2/255	
	250-260: Decrease in xtal size to ≤ medium			1-5% carb wood		1/2/260	
260						1/2/265	
	260-265: increase in xtal size to ≤ very coarse - rare pink qtz.					1/2/270	
	265-270: decrease in xtal size to ≤ medium					1/2/275	
270						1/2/280	
						1/2/285	
280				abt. peaty stringers	5-10% Kaolin in silty sand	1/2/290	
	Predom carb SAND. + thin bands of CARB SILTY SAND - qtz, very fine, 5-10% green mafic mineral + 5-10% kaolin specks + abt. peaty stringers in a greenish grey silty matrix			1-5% wood frags	n.p.	1/2/295	
	SAND ± wood frags. 280-285: ≤ coarse.					1/2/300	
	285-290: ≤ very coarse.					1/2/305	
290						1/2/310	
	Predom SAND ± thin Bands of grey SILTY CLAY - well compacted (5-10%)					1/2/315	
300						1/2/320	
	Predom SAND ± thin Bands of grey and Brown SILTY CLAY (5-10%) - well compacted					1/2/325	
310				10% wood frag		1/2/330	
	SAND. + carb wood frags. sand: ≤ coarse, - some large wood frags - moderately hard.					1/2/335	
	Bands of SAND ± some wood and very compacted grey green to brown SILTY CLAY					1/2/340	
320						1/2/345	
	END OF TERTIARY? START OF PERMIAN?		n.p.	n.p.	n.p.	1/2/350	
	Hard, silicified grey green qtz sand to grey wacke - contains lithic frags. + silicified pebbly Gravel Bed? - white qtz, qtz'ite frags					1/2/355	
330						1/2/360	
	END OF HOLE - 330
