

- b) Tonnage calculations
c) Grade

C. SUMMARY

18. BENEFICIATION STUDIES

A. GENERAL

B. AMDEL INVESTIGATIONS

- a) Chemical extraction of fluorite

Aim and method

Results

- b) Flotation extraction of fluorite and magnetic separations

Aim and methods

Results

Discussion and recommendations

- c) Pyrohydrolysis

C. DEPARTMENT OF MINES INVESTIGATIONS

- a) Exploratory project, investigation R 731

Sample type and analyses

Aim and methods

Results

Conclusion

- b) Scheelite concentration project, investigation R 745

Preliminary

Sample

Methods

Results

Conclusion

- c) Scheelite concentration project, investigation, R 758

19. FINANCIAL FEASIBILITY STUDIES
