

104083

SCALE:

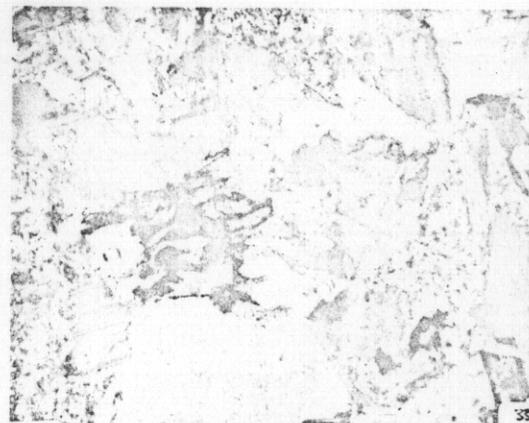

No. 1 (T.S. 30655, BT 71/17.6 m) Crossed polars, 30x
A single skeletal cassiterite crystal (black) intergrown with muscovite,
quartz, albite.

No. 2 (T.S. 30655, BT 71/17.6 m) Crossed polars, 125x
A single crystal of cassiterite intergrown with muscovite (mottled
appearance).

No. 3 (T.S. 30656, BT 71/17.9 m) Crossed polars, 30x
Two skeletal cassiterite crystals (two patches with different
optical orientation) with fine muscovite, coarser quartz and albite.

No. 4 (T.S. 30658, BT 71/19 m) Crossed polars, 30x
One large and two smaller skeletal cassiterite crystals intergrown
with silicates.
