Page - nineteen

5,368,000N (DD) No significant anomalies.

5,367,500N (PD) No significant anomalies.

5,367,000N (DD) No significant anomalies.

5,366,500N (PD) No significant anomalies.

5,366,000N (DD) No significant anomalies.

Limited additional work has been planned as is in the process of being carried out. On completion of that work a general review of both sets of data will be made.

Respectfully submitted on behalf of:
