

3. Report TCR 82-1745

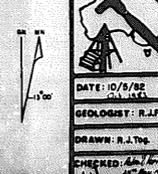

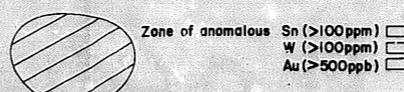

Gold Exploration Plan 82a Drainage Sample Location Map

This map as not in our plan files nor are there prints in our copies of the report. Most probably the map was not compiled.

Supplying paper prints of maps of the same region showing geochemical values against sample points. These should allow any subsequent explorer to relocate the sample points and re-sample if necessary.

Plan No. KT 27/76-5 :- same area as PLAN 82  
 Plan No. KT 27/76-3 :- sampling to the north of this sheet, included as the last plan on file 21 of 28 (8309)
