

- LEGEND**
- Location of 1:5000 Geology Map
 - 1008 GDC sample number
 - x Sample location, outcrop (Assays - Cu, Pb, Zn, Ag, Au)
 - ⊙ Sample location, float
 - ⊗ Dighem III EM anomaly (location from 1:10000 Dighem plot)
- GEOLOGY**
- EZ 1:5000 scale base geology with additions
EZ Geological Legend practice maintained
- 1:5000 sheet: 7C

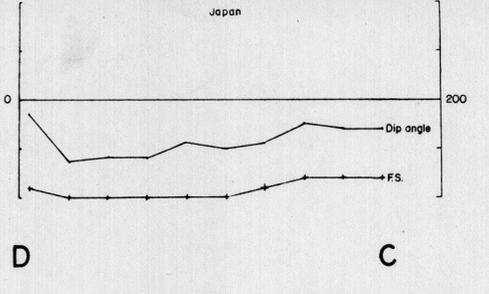

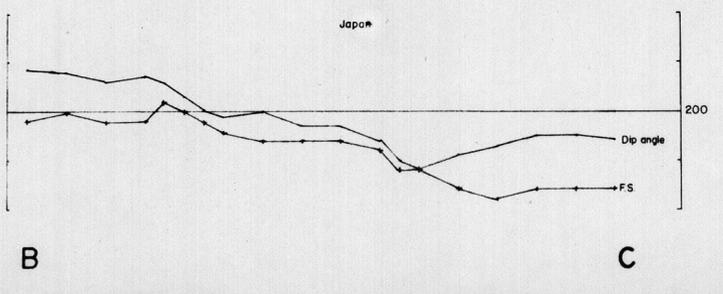

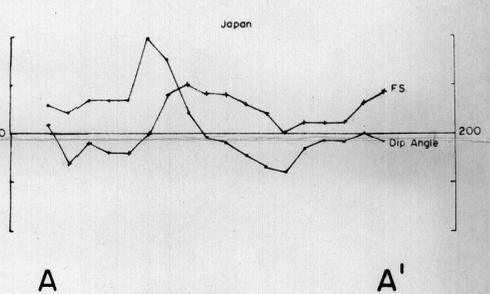

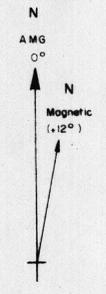

Dip Convention

The recorded dip direction is the direction in which the bottom of the receiver points (which is the direction in which the conductor lies).

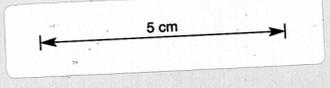

INSTRUMENT

Phoenix VLF 2
