10th July 1989

Director of Mines,  
P.O. Box 56,  
ROSNY PARK 7018

Dear Sir

Report - E/L 50/82 1988/89

During the current term of this licence, one borehole was completed to further investigate the extent of coal measures noted in earlier work.

Details of the hole are as follows:

Royal George area/St Pauls River DDH No.13

Location 5-81-730E  
53-64-510N

Date commenced 27.02.89

Date completed 03.03.89

collar RL 410m

log 0-35 metres dolerite scree and dolerite (downhole - hammer)

35-96 metres dolerite - massive dark grey, occasional joints

core size NQ - hole abandoned at 96 metres

The future of exploration activities will be assessed following a further ground reconnaissance.

Expenditure in the period \$9,493.

Signed:

C.E. PECK,  
Commercial Manager

89-2986.
