

Geology

- VDF, VDFM, VDFC - Rld. phytic volcanoclastic sediments.
- LDFM - Rld. phytic Andite lavas + hyaloclastites.
- IRYM - med. grained rhyolitic qtz, Rld. phytic intrusive?
- FSM, FSC - med. - coarse grained, Rld. phytic, lithic, volcanoclastic mass flows in a mud matrix.
- Mass Flows - Coarse grained mass flows with large clasts of siltstone + shale.
- (Sect A) - 1:100 scale sections

- #### TOPOGRAPHY
- Road
 - - - Track
 - + - Railway Line
 - Building
 - - - Fence
 - - - Interim Watercourse
 - - - Interim Lake
 - Well &/or Bore
 - - - Tenement Boundary
 - - - Contour with value
 - - - Escarpment
